Arizona Corporation Commission

DOCKETED

JUL 14 2017

Dear Honorable Commissioners,

DOCKETED BY
GB

As the Commission reviews the APS rate case, I ask that you please take into consideration the effect a service charge increase could have on the vital economic role small businesses have on communities throughout Arizona and to VOTE NO on any unjustified increases to our bills.

As a small business owner myself, I face the challenges every day to keep my business operating, and an increase in my monthly service could have an adverse effect on my business.

With the Commission's own staff and the Residential Utility Consumer Office having previously stated that this increase is not necessary for APS, I am surprised that APS is still requesting this increase.

I ask you to take a stand for what will be best for small businesses relying on APS. Thank you for all that the Arizona Corporation Commission does to protect the best interests of Arizonans.

Sincerely,
